

## K2C Forum

### Tackling Dieback and Woodland Restoration

**18 November 2016**

Where: Riverside Oval Clubhouse, Carinya St, Queanbeyan.

Time: 9:00 am

The theme of this year's Forum is the dieback problem (particularly on the Monaro) and what is being done there and in the wider K2C landscape to restore woodlands.

There will be a wide range of speakers, including ANU, CSIRO, NSW Office of Environment and Heritage and ACT Government scientists, and practitioners from Greening Australia, SE Local Land Services, landcare and parkcare, and NSW National Parks and Wildlife Service.

A light lunch will be served.

Thanks for your response. K2C is looking forward to welcoming you to the Forum. Please note, RSVPs closed Friday, 11 November
